

At the Master's degree

60501- Mathematics

Mathematical analysis
Computational mathematics
Optimization and optimal management
Differential equations

60105- Mathematics teaching

Methods and methodology of teaching mathematics

60509- Computer science

Informatics
Data analysis (Data analytics)

60503- Physics

Physics of semiconductors
Thermal physics and molecular physics

60104- Physics teaching

Methods and methodology of teaching physics

60626- Electrical engineering

Automation and electrical transmission of industrial facilities and technological complexes
High voltage techniques and physics
Power supply optimization and modeling

60608- Electric power engineering

Electricity supply (by areas)
Electric power
Electrical network and systems

60201- Philology

Azerbaijani literature
Azerbaijani language
Linguistics (in English)

60101- Teaching Azerbaijani language and literature

Methods and methodology of teaching Azerbaijani language and literature

60117- Preschool training and education

Methods and methodology of preschool education and upbringing

60119- Pedagogy

Theory and history of pedagogy

60209- Psychology

General psychology
Child and age psychology

60504- Chemistry

Organic chemistry
Chemistry of high molecular compounds
Electrochemistry
Petroleum chemistry

60110- Chemistry teaching

Methods and methodology of teaching chemistry

60505- Biology

Microbiology
Genetics

60109- Biology teaching

Methods and methodology of teaching biology

60649- Environmental engineering

Environmental protection and efficient use of natural resources

60206- History

Ancient and medieval history of Azerbaijan

The new and most recent history of Azerbaijan

History of the Turkic world

60111- History teaching

Methods and methodology of teaching history

60210- Sociology

Sociology of management

60112- Geography teaching

Methodology and methodology of teaching geography

60506- Geography

Physical geography of Azerbaijan

60631- Computer engineering

Computer engineering

60632- Information technologies and systems engineering

Cyber security

Information systems in management

60628- Process automation engineering

Automation of technological processes and production

60623- Engineering of the organization of transportation and management in transport

Logistics in transportation

60404- Economics

Economics of tourism

Economic regulation

60407- Management

Innovation and project management

Management (by areas)

60408- Marketing

Marketing (by areas)

60403- Finance

banking

60402- Accounting and auditing

Accounting and auditing in the production sphere

60401- World economy

International Economic Relations

Customs work

MBA master programs in partnership with SABAH.HUB

60409- Business management

Business Organization and Management (General Purpose MBA Program)

Business organization and management (Finance, MBA program)

Business organization and management (Management by education, MBA program)

SABAH Groups

60509- Computer science

Data analysis (Data analytics) (SABAH)

60631- Computer engineering

Computer Engineering (SABAH)

60632- Information technologies and systems engineering
Cyber Security (SABAH)

Graduate programs with the support of BP

60641- Chemical engineering
Chemistry and technology of basic organic synthesis
Chemical technology of polymers
